VISION

made real.

The future of hygiene.

Designed with passion

Subtle elegance & timeless aesthetics.

SMART CONNECTION

AI analysis & insights

Statistics & heatmaps

Optimized refill routes

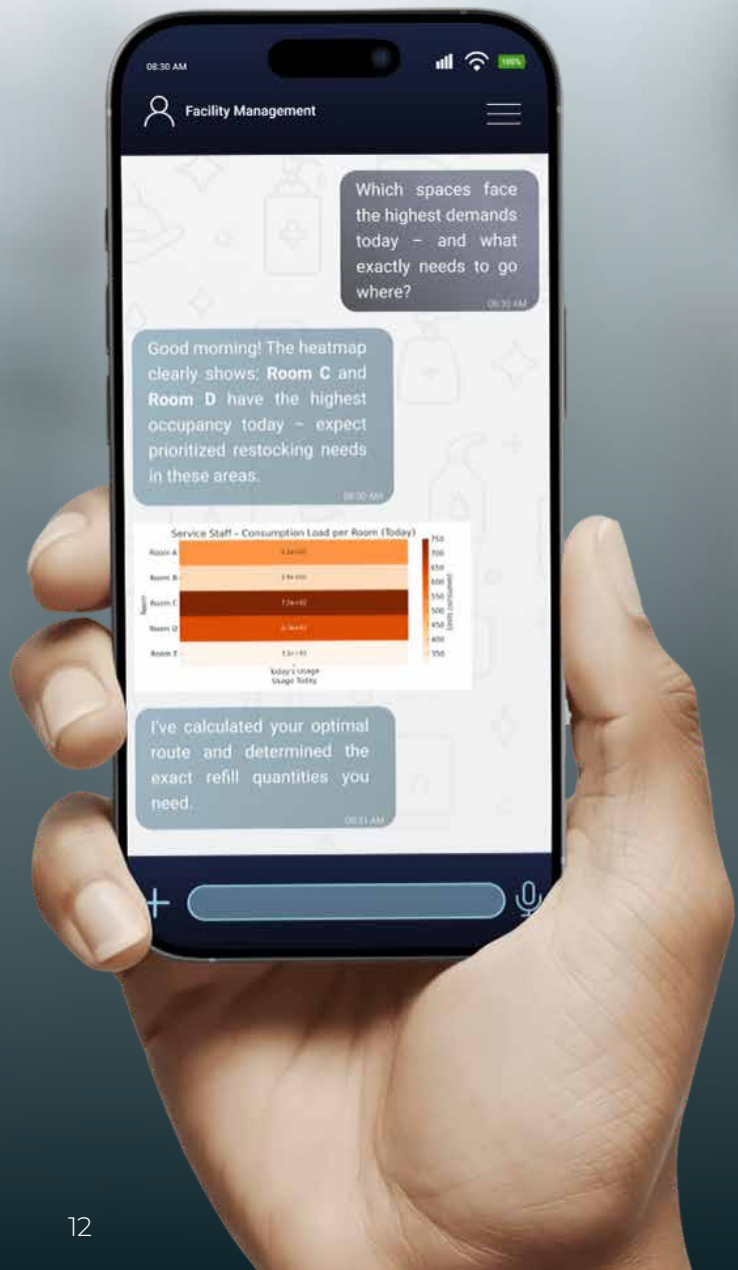

Automated purchase lists

Browser based app

Secure data encryption

What's data without answers?

Benefiting every role across your organization.

Data-driven hygiene revolution

Smart Connection redefines hygiene management through intelligent automation. It analyzes real usage data, identifies patterns, and turns them into clear, real-time actions – from refill forecasts & optimal routes to auto-reordering & heatmap insights. Designed to reduce effort, avoid waste, and cut costs. No guesswork, no delays – just precise answers when & where they're needed. Ask anything, anytime. Receive instant, data-driven insights as heatmaps, stats or charts – tailored to your role, accessible on any device, in any language. Because clarity drives action.

What's the current refill need across all dispensers in level two?

How much staff time and material can we save with this solution?

Which route do I need to take today & where are the faulty devices located?

Ask your AI hygiene expert

HISTORY

shaped with intent.

Defined by milestones. Guided by purpose.

JM-Metzger Group

50 years of pioneering revolutionary hygiene solutions.

Metzger was founded in 1970 by Mr. Phillip Metzger & has steadily grown ever since. Starting with soap dispensers & cleaning supplies, the company has developed into a well-respected player in the industry. With the arrival of Mr. Jürgen Metzger in the 1990s, the company expanded its market presence significantly.

One of the key milestones was the strategic establishment of a modern paper factory in 2018 — ensuring the highest quality standards and strengthening the company's competitiveness. As part of shaping today's JM Metzger Group, JM Production was founded to manufacture disinfectants, soaps & other hygiene chemicals in-house, complemented by the establishment of a dedicated injection molding division. Together, these milestones underline the company's commitment to delivering the very best across all areas for our partners.

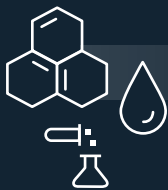

JM METZGER GROUP

Aligned to benefit you in every aspect

A strong corporate group made up of specialized units — each focused on a specific area, all aligned to support your needs in full. With expertise across every key function, we work as one to deliver seamless, tailored solutions that drive efficiency, consistency, and long-term value.
